Permits

Anyone who hunts, takes, or attempts to take deer or turkeys in any way must have the required permit(s). Each hunter must sign, carry, and show, upon request, his or her permit to any officer who enforces the *Wildlife Code of Missouri*.

Points to Remember

- You must have your signed permits on hand when you go afield to hunt.
- Permits cannot be exchanged or refunded.
- Deer and fall turkey permits may be used in any order, and multiple permits may be filled on the same day, except during the early youth portion when only one deer may be taken.
- Before purchasing antlerless deer hunting permits, nonresidents must first purchase a Nonresident Firearms Any-Deer Hunting Permit or a Nonresident Archer's Hunting Permit, depending on the type of antlerless permit they want to use.
- Residents do not have to purchase a Resident Firearms Any-Deer Hunting Permit or Resident Archer's Hunting Permit before purchasing antlerless deer hunting permits.
- You do not have to purchase any-deer and antlerless deer permits at the same time.

Hunter-Education Requirement

You must complete an approved hunter-education course before you can purchase firearms deer and turkey hunting permits unless:

- You were born before Jan. 1, 1967.
- You are 6–15 years old. Please see additional requirements found in "Youth Permits."
- You are 16 years or older and are using an Apprentice Hunter Authorization. Please see additional requirements found in "Apprentice Hunter Authorization."
- You are using resident landowner permits and hunting on land you own or lease. **Note:** If you are mentoring a hunter who is not hunter-education certified and not using landowner permits, you must be at least 18 years old and hunter-education certified even if you are hunting on your own land. Mentors born before Jan. 1, 1967, are exempt from this requirement.
- You enrolled in a hunter-education course but failed to pass the certification tests due to a developmental disability. See Rule 3 CSR 10-5.205 of the *Wildlife Code of Missouri*.

If you can prove you completed a hunter-education course in another state, you are not required to take Missouri's course. You must be 11 years or older to enroll in Missouri's hunter-education course. For more information, visit mdc.mo.gov/node/3722.

Youth Permits

You must be 6 years or older to hunt deer or turkeys. Youth age 6 through 15, whether they are hunter-education certified or not, can purchase resident or nonresident deer and turkey hunting permits at reduced prices. See Page 6.

If a youth is hunter-education certified and hunting on a resident or nonresident firearms deer or turkey hunting permit, he or she may hunt alone. However, if a youth is not hunter-education certified, he or she must hunt in the immediate presence of a properly licensed adult who has in his or her possession a valid hunter-education certification card or was born before Jan. 1, 1967. The adult, however, may not hunt deer with a firearm during the youth portions of the firearms deer season.

In addition, adults accompanying youths hunting deer must wear hunter orange. Regardless of age, the youth must be capable of holding, aiming, and shooting the firearm by himself or herself.

Apprentice Hunter Authorization

To help introduce adults to hunting, the Conservation Department allows hunters age 16 and older who are not hunter-education certified to hunt with firearms, as long as they:

- First purchase the Apprentice Hunter Authorization for \$10;
- Then purchase a firearms hunting permit for the season they want to hunt, for example a Resident Firearms Any-Deer Hunting Permit; and
- Hunt in the immediate presence of a properly licensed adult mentor who is hunter-education certified or was born before Jan. 1, 1967. The mentor must have a filled or unfilled permit for the prescribed season.

Note: The Apprentice Hunter Authorization allows you to purchase firearms permits throughout the permit year, and it can be purchased for two permit years. After the second year, you will be required to become hunter-education certified if you want to continue hunting with firearms.

Definitions

Immediate presence: Close enough for normal conversation, without shouting.

Properly licensed: Possessing a valid firearms hunting permit for the appropriate season (i.e., either a filled or unfilled firearms deer or a fall firearms turkey hunting permit).

Adult: Someone age 18 or older.

Purchasing Permits

You may purchase your fall deer and turkey hunting permits beginning July 1 using any of the methods below.

- Over the counter from any permit vendor. Buy early to avoid long lines. No surcharges will be assessed.
- Online anytime using the e-Permits System at mdc.mo.gov/epermits. Use your credit card to pay a \$1 surcharge. Print your permit at home and have it in hand immediately.
- By telephone at 800-392-4115. Use your credit card to pay a \$2 surcharge. Allow 10 days for delivery.

Note: No-cost resident landowner permits also are available. See pages 8–9 for details.

Replacing permits: Lost or damaged permits can be replaced using any of the methods above. A replacement permit costs \$2 plus any applicable surcharge. E-Permits can be saved on a personal computer and reprinted for free if the original permit is lost or damaged. As with other permits, e-Permits may not be shared, and additional copies of an e-Permit do not provide additional valid permits to use.

Who May Purchase Resident Deer and Turkey Permits?

- Any person who does not claim resident privileges in another state or country, and whose actual residence and legal permanent home address are both in Missouri, and have been for at least 30 days before applying for the permit. Owning real estate or attending a Missouri school does not in itself make you a legal resident.
- Missouri residents employed by the United States in the District of Columbia or serving in the U.S. armed forces. (Immediate family members who reside with them also may purchase resident permits.)
- All members of the U.S. armed forces stationed and residing in Missouri on permanent change of station status and immediate family members residing with them.
- Any honorably discharged military veteran having a service-related disability of 60 percent or greater, or who was a prisoner of war during military service; must carry certified statement of eligibility from the U.S. Department of Veterans Affairs while hunting or purchasing permits.
- Any member of the U.S. military currently assigned as a patient to a Warrior Transition Brigade, Warrior Transition Unit, or a military medical center; must carry orders showing assignment to a Warrior Transition Brigade, Warrior Transition Unit, or admissions verification to a military medical center while hunting or purchasing permits.
- Nonresidents who are registered students attending a public or private secondary, post secondary, or vocational school in Missouri and who live in Missouri while attending school; must carry evidence of a Missouri residence and student status while hunting. **Note:** Nonresident students who qualify for resident permits must purchase them at Conservation Department offices.
- Immigrants who possess an I-551 Resident Alien Card and who do not claim resident privileges in another state or country, and whose actual residence and legal permanent home address are both in Missouri, and have been for at least 30 days before purchasing a permit.

¹ If not hunter-education certified, a youth hunting on a firearms permit must be in the immediate presence of a properly licensed adult who is hunter-education certified or exempt by age. See Page 4.

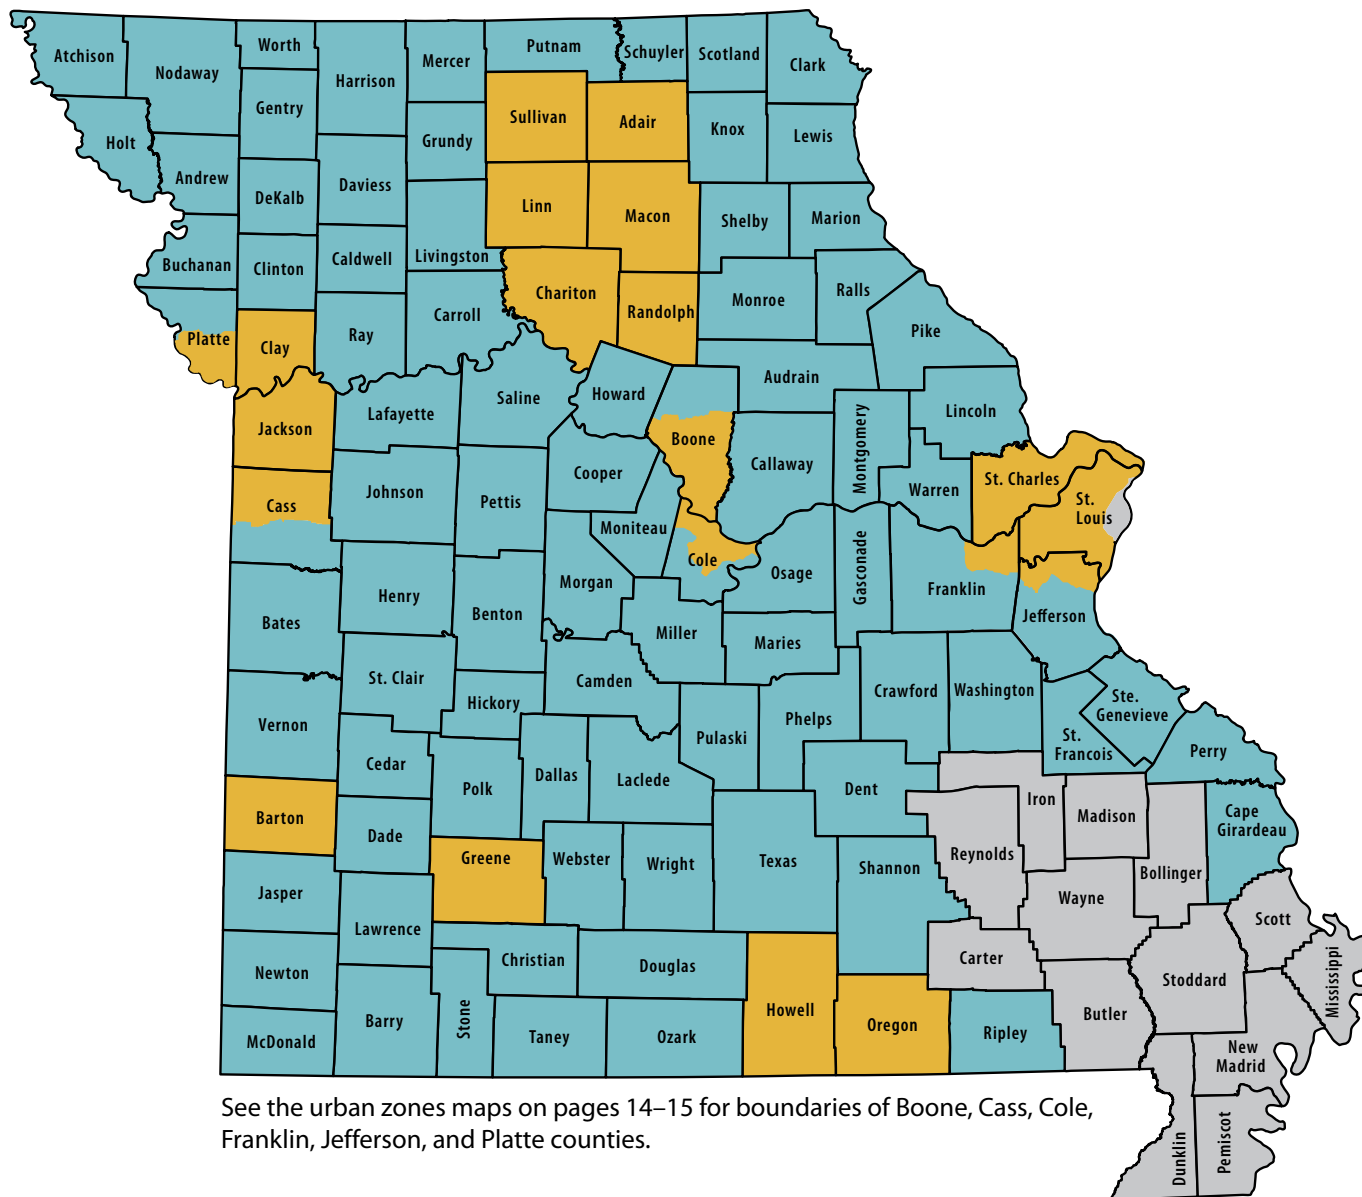

² Antlerless deer hunting permits may be purchased in any number, but each county has a limit on the number of antlerless permits you may fill during firearms deer season (all portions combined).

³ Application is required. Participation is awarded through a drawing. See pages 22–29.

⁴ You must be hunter-education certified to participate in a muzzleloading, historic methods, shotgun, or firearms managed hunt.

⁵ All nonresidents must purchase nonresident permits to hunt deer or turkeys in Missouri, except for qualifying students, disabled veterans, and military members assigned as a patient to a Warrior Transition Brigade/Unit or military medical center. See Page 5.

Firearms Antlerless Permits

When Can These Permits Be Used?

They can be used during all portions of firearms deer season. However, some areas are closed to firearms hunting during the urban zones (see pages 14–15) and antlerless portions (see pages 18–19).

How Many Firearms Antlerless Permits Can You Fill?

You may purchase as many antlerless permits as you want, but each county or county section has a limit on the number of antlerless permits you may fill. See map above. Resident landowners and lessees with at least 75 acres may harvest additional antlerless deer using no-cost Resident Landowner Firearms Antlerless Deer Hunting Permits. See pages 8–9.

- You may fill two firearms antlerless deer hunting permits in these counties or county sections during firearms deer season (all portions combined).
- You may fill one firearms antlerless deer hunting permit in these counties or county sections during firearms deer season (all portions combined).
- During firearms season, antlerless deer may be taken only on an any-deer permit or a landowner antlerless deer hunting permit.

Landowner Permits

All deer and turkey hunters, including landowners and lessees, must have valid deer and/or turkey hunting permits. Resident landowners and lessees who meet the qualifications listed in the blue box to the right may obtain no-cost resident landowner permits from July 1 through Jan. 15 using any of the methods below.

- Over the counter from any permit vendor. Go early to avoid long lines. No surcharges will be assessed.
- Online using the e-Permits System at **mdc.mo.gov/epermits**. Use your credit card to pay a \$1 surcharge. Print your permit at home and have it in hand immediately.
- By telephone at 800-392-4115. Use your credit card to pay a \$2 surcharge. Allow 10 days for delivery.

Please Have on Hand the Following Information:

- Your Conservation ID number, Heritage Card number, Social Security number, or driver's license number
 - The county or counties where your land is located
 - The number of acres you own or lease and reside on
- Note:** Landowners may be required to submit proof of ownership if it cannot be verified through county plat books.

Qualifying resident landowners and lessees:

- Must abide by season dates, methods, limits, and tagging/checking requirements.
- Must use landowner permits only on their qualifying property. To hunt on other land, landowners and lessees must purchase regular permits.
- Must be at least 6 years old to obtain landowner permits.
- May use their landowner permits to take deer on their land during archery deer season and all portions of the firearms season including the urban zones and antlerless portions (if their property is located in one of the open areas).
- With 75 or more acres in more than one county must comply with landowner antlerless deer limits for each county. See Page 7.
- May fill a Resident Landowner Firearms Any-Deer Permit and a purchased any-deer permit. **However, each hunter may take only one antlered deer during the firearms deer hunting season.** Therefore, landowners and lessees who take an antlered deer on one any-deer permit must take an antlerless deer on the other any-deer permit. Deer taken on a managed deer hunting permit or in accordance with the archery deer hunting season do not count toward this limit.
- May fill their no-cost landowner antlerless permits and also purchase and fill additional antlerless permits according to county limits shown on the map on Page 7.

Qualifications For Landowner Permits

- Any Missouri resident who owns at least 5 continuous acres, and his or her immediate household members age 6 or older
 - Any Missouri resident who leases and lives on at least 5 continuous acres owned by others, and his or her immediate household members age 6 or older
- Note:** Participation in a hunting lease alone does not qualify an individual for landowner permits.
- Any Missouri resident who is a general partner of a partnership, an officer of a resident or foreign corporation, an officer or managing member of a resident limited liability company, or an officer of a benevolent association organized pursuant to Chapter 352 of the Revised Statutes of Missouri when the before mentioned organization owns at least 5 continuous acres. In the case of corporate ownerships, all registered officers of a corporation can qualify, and they are not required to reside on the land. People who own stock in a corporation (shareholders) do not qualify.

Note: Immediate household member is anyone, related or unrelated, whose legal residence is the same as the qualifying landowner or lessee for at least the last 30 days. Family members whose legal residence is elsewhere do not qualify.

Qualifying resident landowners and lessees who have at least 5 acres, and all members of their immediate household age 6 or older, may each receive:

- One Resident Landowner Fall Firearms Turkey Hunting Permit
- One Resident Landowner Firearms Any-Deer Hunting Permit
- One Resident Landowner Archer's Hunting Permit
- Two Resident Landowner Archery Antlerless Deer Hunting Permits depending upon county availability (see Page 10)

Qualifying resident landowners and lessees who have 75 or more acres located in a single county or at least 75 continuous acres bisected by a county boundary, and all members of their immediate household age 6 or older, may each receive:

- All of the landowner permits listed above
- Resident Landowner Firearms Antlerless Deer Hunting Permits depending upon county availability (see map below)

Resident Landowner Permits

All landowner permits are valid only on qualifying property. Hunters must be at least 6 years old to obtain landowner permits. Hunter-education certification is not required to obtain landowner permits.

Bowhunters: We Need Your Help!

Please participate in the Bowhunter Observation Survey.

The Conservation Department needs bowhunters to record the deer, turkeys, and furbearers they see while hunting. This information helps biologists gauge the health of wildlife populations and set hunting regulations.

It's easy to participate. Just send an email by Sept. 1 to martha.mccrary@mdc.mo.gov. Write "Bowhunter

Observation Survey" in the subject line, and don't forget to include your name and mailing address. You can also send your name and address to:

Bowhunter Observation Survey
Missouri Department of Conservation
3500 East Gans Road
Columbia, MO 65201

We'll send you a diary to record the deer, turkeys, and furbearers you see while bowhunting. At the end of the season, drop the postage-paid diary in the mail. Once Conservation Department biologists tally the information, they'll send you a summary of sightings for the entire state and return your diary if requested.

Managed Deer Hunts

Missouri offers numerous managed deer hunts for archery, crossbow, muzzleloading, and modern firearms from mid-September through mid-January. Hunters are selected by a weighted random drawing.

Limit

One managed deer hunting permit allows you to take the number of deer allowed at the hunt you are attending. Deer taken at a managed hunt do not count toward your archery or firearms season limits.

Points to Remember

- You may apply for only one managed deer hunt each year. **If you apply for more than one, you will be disqualified from this year's drawing and will not receive a preference point.**
- Youth who apply for a youth-only hunt may not also apply for a regular managed deer hunt.
- If you cannot attend, another hunter cannot take your place. Only those hunters who applied and were drawn may attend.
- Individuals not drawn for a managed deer hunt may not accompany a hunter who was successfully drawn.
- Some managed hunts require hunters to attend a mandatory pre-hunt orientation. If you cannot attend the orientation, do not apply for these hunts.
- If you have a methods exemption, you may use a crossbow in an archery managed deer hunt.
- If you apply as one of a party on the application or as an individual, your chances of being drawn for a managed deer hunt are the same as everyone else's.
- If you are not drawn for a managed hunt this year, you will earn one preference point that will increase your odds the next time you apply.
- ATVs are prohibited on managed deer hunting areas.
- If you have a medical condition that limits your mobility, please contact the manager of the area on which you want to hunt before applying for a managed hunt. Some areas may not have the access you require, and you may want to apply for a hunt on a different area.
- Most conservation areas remain open to the public during managed hunts.
- Go to mdc.mo.gov/7454 for a summary of how many people applied for last year's managed hunts and how many deer were taken.

Valid Permits

Resident Managed Deer Hunting Permit

A single permit allows you to take the number of deer allowed at the hunt you are attending. Permits are available beginning Sept. 2 to successful managed hunt applicants.

Age 16 and older	\$17
Age 11-15	\$8.50

Nonresident Managed Deer Hunting Permit

A single permit allows you to take the number of deer allowed at the hunt you are attending. Permits are available beginning Sept. 2 to successful managed hunt applicants.

Age 16 and older	\$225
Age 11-15	\$8.50

Wheelchair-Confined Hunters

Any hunter permanently confined to a wheelchair is automatically allowed to participate in one or more managed deer hunts at:

- August A. Busch Memorial Conservation Area
- Burr Oak Woods Conservation Area
- Caney Mountain Conservation Area
- James A. Reed Memorial Wildlife Area
- Peck Ranch Conservation Area

These hunts are part of the Managed Deer Hunt Program and are not limited to disabled hunters. Mail a written request **by July 31** indicating hunt preference with attached physician's statement to:

Missouri Department of Conservation
Attn: Managed Deer Hunts
PO Box 180
Jefferson City, MO 65102-0180

Each disabled hunter may be accompanied by an attendant/care-giver while hunting, but that person may not hunt unless he or she has applied and was successfully drawn for the same hunt. Wheelchair-confined hunters may participate in more than one managed deer hunt, but must purchase a managed deer hunting permit for each hunt they attend.

When to Apply

July 1–31, 2014

Note: The application timeframe has been shortened so hunters have more time to be notified of their selection for early-season managed hunts.

Who Can Apply

You must be 11 or older by the date of the hunt. Youth hunters may apply singly or with one other youth hunter for youth-only hunts, but not as a group. If applying for any other hunt, hunters may apply individually or as a group of up to six.

How to Apply

Step 1: If you are applying for a disabled person's hunt, follow the instructions on Page 28. If you are applying for any other managed hunt, designate one member of your group to go online. That person must have the following information:

- The hunt number for the managed hunt
- The Conservation ID number of each hunter in the group. A Social Security number is not the same as a Conservation ID number. Your Conservation ID number is located on the back of your Conservation Heritage Card and on your permit. If you need an ID number, call 573-751-4115 during regular business hours to have one assigned.

Important: To ensure that your preference point earned last year is used, be sure to use the same Conservation ID number you used last year. For future reference, print your confirmation page and save it.

Step 2: Complete the worksheet on this page before going online so you will have all the information ready.

Step 3: Go online at mdc.mo.gov/node/11252. If you have correctly entered all the required information, you will see a message confirming your application.

Step 4: Print out or write down your confirmation number to save for future reference.

Find Out if You've Been Selected

From Sept. 2 through Jan. 15, go online at mdc.mo.gov/node/11252. Be prepared to enter your Conservation ID number (the same ID number you used when you applied) when you check the drawing results. You also must provide your same Conservation ID number when you buy your managed deer hunting permit.

All successful applicants will receive in the mail an area map and other information regarding the hunt. We must have your correct address so you will receive the information you need. If your address has changed, contact your local Department office during regular business hours. See inside front cover.

Successful applicants can purchase their permit beginning Sept. 2 wherever permits are sold.

Youth-Only Managed Hunts

To apply for a youth-only managed hunt, you must be 11 to 15 years old at the time of the hunt. If you are drawn to participate, you must:

- Obtain hunter-education certification before the managed hunt or pre-hunt orientation (if orientation is required);
- Purchase a Resident or Nonresident Managed Deer Hunting Permit;
- Be accompanied by an adult sponsor (age 18 or older) who is hunter-education certified or exempt, and has a filled or unfilled firearms deer hunting permit; and
- Attend a pre-hunt orientation with your adult sponsor at some locations.

Note: Hunter-education certification is not required to apply for a managed hunt, but must be achieved before the hunt. Minimum age to enroll in a hunter-education course is 11. Adult sponsors born before Jan. 1, 1967, are exempt from the hunter-education requirement.

L = Managed hunt permits are not available for this hunt. You must purchase firearms permits and abide by firearms season limits. Deer taken at this hunt count toward your firearms season limit.

¹ Hunters must attend a pre-hunt orientation; those who do not attend are disqualified.

² Hunters may take turkeys according to season limits on the archer's hunting permit prior to filling the managed deer hunt quota.

³ Participants must pay a \$10 administrative fee to Jackson County. If chosen for this hunt, please call 816-503-4800 for fee deadlines. Atlatls are not an allowed method for hunts in Jackson County Parks.

⁴ Antlered deer must have at least one antler with at least four points.

⁵ The U.S. Fish and Wildlife Service canceled this managed hunt in 2013 after applicants had already been drawn. Therefore, successfully-drawn 2013 hunters, who choose to participate, will automatically

be drawn for the 2014 hunt. Other hunters may not apply. An additional Mingo managed hunt (No. 56) will be drawn in the regular manner for 75 new participants.

⁶ Only first-time deer hunters may apply for this hunt. A parent or guardian must accompany the youth during this 1.5 day hunting experience that includes spending a night in deer camp. Only people who have not acquired a deer hunting permit in the past are eligible.

L = Managed hunt permits are not available for this hunt. You must purchase firearms permits and abide by firearms season limits. Deer taken at this hunt count toward your firearms season limit.

¹ Hunters must attend a pre-hunt orientation; those who do not attend are disqualified.

² Hunters may take turkeys according to season limits on the archer's hunting permit prior to filling the managed deer hunt quota.

³ Participants must pay a \$10 administrative fee to Jackson County. If chosen for this hunt, please call 816-503-4800 for fee deadlines. Atlatls are not an allowed method for hunts in Jackson County Parks.

⁴ Antlered deer must have at least one antler with at least four points.

⁵ The U.S. Fish and Wildlife Service canceled this managed hunt in 2013 after applicants had already been drawn. Therefore, successfully-drawn 2013 hunters, who choose to participate, will automatically

be drawn for the 2014 hunt. Other hunters may not apply. An additional Mingo managed hunt (No. 56) will be drawn in the regular manner for 75 new participants.

⁶ Only first-time deer hunters may apply for this hunt. A parent or guardian must accompany the youth during this 1.5 day hunting experience that includes spending a night in deer camp. Only people who have not acquired a deer hunting permit in the past are eligible.

Conservation Area Regulations

Deer and turkey hunting is allowed only on Department areas that are listed in the table. If an area that is owned or managed by the Conservation Department is not listed, deer and turkey hunting is not allowed, except during managed hunts. For hunting opportunities on public land that is not owned or managed by the Conservation Department, contact the appropriate agency.

For maps and more details of areas listed on the following pages, contact the regional office or go to mdc.mo.gov/atlas.

Wildlife Code of Missouri

3 CSR 10-7.431 Deer Hunting

Seasons: General Provisions

(1) The current *Fall Deer & Turkey Hunting Regulations and Information* booklet is hereby incorporated in this Code by reference. This booklet is published annually in August by, and a printed copy can be obtained from, the Missouri Department of Conservation, PO Box 180, Jefferson City, MO 65102-0180 and is also available online at www.missouriconservation.org. This rule does not incorporate any subsequent amendments or additions.

(2) Deer shall mean white-tailed deer and mule deer. Antlered deer shall mean deer with at least one (1) antler at least three inches (3") long, except as provided in 3 CSR 10-7.435. Deer may be pursued, taken, killed, possessed, or transported only as permitted in this Code.

(3) Persons hunting or pursuing deer must possess a prescribed deer hunting permit. Resident landowners and lessees can qualify for no-cost permits.

(4) Deer may be pursued or taken only from one-half (1/2) hour before sunrise until one-half (1/2) hour after sunset.

(5) Deer Hunting Methods.

(A) Archery: longbows, recurve bows, compound bows, and atlatl.

(B) Muzzleloader: muzzleloading or cap-and-ball firearms, .40 caliber or larger, not capable of being loaded from the breech.

(C) Any legal method: archery and muzzleloader methods; atlatl; crossbows; shotguns; handguns or rifles firing expanding-type centerfire ammunition; and air-powered guns, .40 caliber or larger, charged only from an external high compression power source (external hand pump, air tank, or air compressor).

(D) Prohibited, in use or possession:

Note: According to rule 3 CSR 10-5.216 of the *Wildlife Code of Missouri*, if you have been convicted of multiple or major violations of the Code in the past five years, the Conservation Commission may consider suspending or revoking your hunting, trapping, and/or fishing privileges regardless of any previous court action. The point system the Commission uses to assess Code violations is explained at mdc.mo.gov/node/16861.

1. Methods restricted by local ordinance;
2. Self-loading firearms with capacity of more than eleven (11) cartridges in magazine and chamber combined with the exception of concealed firearms carried by persons issued a concealed carry endorsement on a driver license or non-driver license and any qualified law enforcement officer or qualified retired law enforcement officer as defined in the Federal Law Enforcement Officers Safety Act (18 USC 926B or 18 USC 926C) (Firearms possessed under this exception may not be used to take wildlife while deer hunting. Proof of this exception must be carried while hunting.);
3. Ammunition propelling more than one (1) projectile at a single discharge, such as buckshot;
4. Full hard metal case projectiles;
5. Fully automatic firearms; and
6. Electronic calls or electronically activated calls.

(6) Deer may not be hunted, pursued, taken, or killed—

- (A) While in a stream or other body of water;
- (B) From a boat with a motor attached;
- (C) With the aid of a motor-driven land conveyance or aircraft;
- (D) With the aid of dogs, in use or possession;
- (E) With the aid of artificial light or night vision equipment;

(F) Within any area enclosed by a fence greater than seven feet (7') in height that could contain or restrict the free range of deer. Exceptions are provided in other rules or by written authorization of the director; and

(G) With the aid of bait (grain or other feed placed or scattered so as to constitute an attraction or enticement to deer). Scents and minerals, including salt, are not regarded as bait; however, mineral blocks with food additives are prohibited. An area is considered baited for ten (10) days following complete removal of bait. A person shall be in violation of this provision if they take or attempt to take deer by the aid of bait, where the person knows or reasonably should know that the area is or has been baited. It is illegal to place bait in a way that causes others to be in violation of the baiting rule.

(7) During the firearms deer hunting season and during managed firearms deer hunts on those areas where such hunts are held, all persons hunting any game, and also adult mentors accompanying them, must wear a cap or hat and a shirt, vest, or coat of the color commonly known as hunter orange, which must be plainly visible from all sides. Camouflage orange garments do not meet this requirement. The following are exempt from this requirement:

- (A) Migratory game bird hunters;
- (B) Archery permittees during the alternative methods portion;
- (C) All hunters in counties closed during the urban zones and antlerless portions;

(D) Hunters using archery methods while hunting within municipal boundaries where discharge of firearms is prohibited;

(E) Hunters on federal or state public hunting areas and during managed hunts where deer hunting is restricted to archery or crossbow methods; and

(F) Hunters of small game and/or furbearers during the alternative methods portion.

(8) Hunters who kill or injure a deer must make a reasonable effort to retrieve and tag it, but this does not authorize trespass.

(9) Hunters who take a deer shall void their permit immediately by notching the month and date of harvest and shall keep the deer separate or distinctly identifiable from deer taken or possessed by another. When the deer is not personally attended and prior to reporting through the Telecheck Harvest Reporting System, the voided permit shall be attached to the deer. Deer may be possessed and transported only by the taker until reported through the Telecheck Harvest Reporting System. All deer taken shall be accurately reported by the taker or in the taker's immediate presence through the Telecheck Harvest Reporting System by 10:00 p.m. on the day taken. The Telecheck confirmation number shall be recorded immediately on the deer hunting permit. The deer shall remain intact or as a field-dressed carcass until the deer is reported through the Telecheck Harvest Reporting System. All deer shall be reported through the Telecheck Harvest Reporting System prior to processing or being removed from the state. After reporting through the Telecheck Harvest Reporting System, deer may be possessed, transported, and stored by anyone when labeled with the permit or any label that includes the full name

and address of the taker, date taken, and Telecheck confirmation number.

(10) Deer (or parts thereof) reported in accordance with established procedures, when labeled with the full name and address of the taker, the date taken, and the Telecheck confirmation number of the deer, may be possessed, transported, and stored by anyone. Commercially processed deer meat may be donated to not-for-profit charitable organizations under guidelines established by the director.

3 CSR 10-7.432 Deer: Archery Hunting Season

(1) The archery deer hunting season is September 15 through January 15, excluding the November portion of the firearms deer hunting season. Use archery methods only; firearms may not be possessed with the following exceptions (Firearms possessed under these exceptions may not be used to take wildlife while archery hunting. Proof of this exception must be carried while hunting.):

(A) Any person who has been issued a concealed carry endorsement on a driver license or non-driver license and such endorsement or license has not been suspended, revoked, canceled, or denied may carry concealed firearms on or about his/her person while hunting; and

(B) Any qualified law enforcement officer or qualified retired law enforcement officer as defined in the Federal Law Enforcement Officers Safety Act (18 USC 926B or 18 USC 926C) may carry concealed firearms on or about his/her person while hunting.

(2) Archery Deer Hunting Permits.

(A) Resident or Nonresident Archer's Hunting Permit. Valid for two (2) deer statewide, except that only one (1) antlered deer may be taken prior to

the November portion of the firearms deer hunting season.

(B) Resident or Nonresident Archery Antlerless Deer Hunting Permit. Valid for one (1) antlerless deer in any open county. Persons may purchase and fill any number of these permits, where valid. A Nonresident Archer's Hunting Permit must be purchased before purchasing Nonresident Archery Antlerless Deer Hunting Permits.

3 CSR 10-7.433 Deer: Firearms Hunting Season

(1) The firearms deer hunting season is comprised of six (6) portions.

(A) Urban zones portion: October 10 through 13, 2014; use any legal deer hunting method to take antlerless deer in open zones.

(B) Youth portions: November 1 and 2, 2014, and January 3 and 4, 2015; for persons at least six (6) but not older than fifteen (15) years of age; use any legal deer hunting method to take one (1) deer statewide during the November 1 and 2, 2014, portion; use any legal deer hunting method to take deer statewide during the January 3 and 4, 2015, portion.

(C) November portion: November 15 through 25, 2014; use any legal deer hunting method to take deer statewide.

(D) Alternative methods portion: December 20 through 30, 2014; use muzzleloader and archery methods, crossbows, atlatl, handguns, and air-powered guns as defined in 3 CSR 10-7.431 to take deer statewide.

(E) Antlerless portion: November 26 through December 7, 2014; use any legal deer hunting method to take antlerless deer in open counties.

(2) Firearms Deer Hunting Permits.

Wildlife Code of Missouri

(A) Resident or Nonresident Firearms Any-Deer Hunting Permit: valid for one (1) deer statewide, except that only antlerless deer may be taken during the urban zones and antlerless portions of the season.

(B) Resident or Nonresident Firearms Antlerless Deer Hunting Permit: valid for one (1) antlerless deer in any open county. Persons may purchase any number of these permits and fill them where valid. A Nonresident Firearms Any-Deer Hunting Permit must be purchased before purchasing Nonresident Firearms Antlerless Deer Hunting Permits.

(3) A person may take only one (1) antlered deer during the firearms deer hunting season. Deer taken at managed deer hunts are not included in this limit.

(4) Other wildlife may be hunted during the firearms deer hunting season with the following restrictions:

(A) During the November portion statewide and the antlerless portion in open counties, other wildlife may be hunted only with pistol, revolver, or rifle firing a .22 caliber or smaller rimfire cartridge, or a shotgun and shot not larger than No. 4; except that waterfowl hunters, trappers, or landowners on their land or lessees on land upon which they reside may use other methods as specified in 3 CSR 10-7.410(1)(G);

(B) Furbearers may be hunted using any legal deer hunting method during established furbearer hunting seasons by persons holding an unfilled Firearms Deer Hunting Permit, and—

1. A Resident Small Game Hunting Permit; or
2. A Nonresident Furbearer Hunting and Trapping Permit;

(C) Furbearers may not be chased, pursued, or taken with the aid of dogs during daylight hours from

November 1 through the end of the November portion statewide and the antlerless portion in open counties; and

(D) Squirrels and rabbits may not be chased, pursued, or taken with the aid of dogs during daylight hours of the November portion in Butler, Carter, Dent, Iron, Madison, Oregon, Reynolds, Ripley, Shannon, and Wayne counties.

(5) Feral hogs, defined as any hog, including Russian and European wild boar, not conspicuously identified by ear tags or other forms of identification and roaming freely on public or private lands without the landowner's permission (refer to section 270.400 of *Missouri Revised Statutes*), may be taken in any number during the firearms deer hunting season as follows:

(A) Hunters must possess a valid small game hunting or unfilled firearms deer hunting permit and abide by the methods of pursuit allowed for deer as well as any other restrictions that may apply on specific public areas;

(B) During the November portion statewide and the antlerless portion in open counties—

1. Firearms deer permittees may only use methods allowed for deer;
2. Small game permittees may only use pistol, revolver, or rifle firing a .22 caliber or smaller rimfire cartridge, or a shotgun with shot not larger than No. 4; and
3. Dogs may not be used;

(C) During the youth and alternative methods portions statewide and the urban zones portion in open counties—

1. Deer permittees may only use methods allowed for deer; and

2. Small game permittees may only use methods allowed for small game;

(D) Resident landowners and lessees on qualifying land are not required to have any permit and may use any method to take feral hogs throughout the year.

3 CSR 10-7.434 Deer: Landowner Privileges

(1) Resident landowners and lessees as outlined in the *Fall Deer & Turkey Hunting Regulations and Information* booklet can obtain no-cost deer hunting permits from any permit vendor.

(A) Those with five (5) or more continuous acres can each receive one (1) Resident Landowner Firearms Any-Deer Hunting Permit, one (1) Resident Landowner Archer's Hunting Permit, and, if property is in a county in which Archery Antlerless Deer Hunting Permits can be used, two (2) Resident Landowner Archery Antlerless Deer Hunting Permits.

(B) In addition to the permits listed in subsection (1)(A), those with seventy-five (75) or more acres located in a single county or at least seventy-five (75) continuous acres bisected by a county boundary can receive a maximum of two (2) Resident Landowner Firearms Antlerless Deer Hunting Permits. Landowners with at least seventy-five (75) acres in more than one (1) county must comply with landowner antlerless deer limits for each county.

1. Resident landowners and lessees of at least seventy-five (75) acres may receive one (1) no-cost Landowner Antlerless Deer Hunting Permit in the counties of: Barry, Bollinger, Butler, Cape Girardeau, Carter, Christian, Crawford, Dade, Dent, Douglas, Dunklin, Franklin, Iron, Jefferson, Lawrence, Madison, Maries,

McDonald, Mississippi, New Madrid, Newton, Ozark, Pemiscot, Perry, Phelps, Polk, Pulaski, Reynolds, Ripley, St. Francois, Ste. Genevieve, Scott, Shannon, Stoddard, Stone, Taney, Texas, Washington, Wayne, Webster, and Wright.

2. Resident landowners and lessees of at least seventy-five (75) acres may receive two (2) no-cost Landowner Antlerless Deer Hunting Permits in the counties of:

Adair, Andrew, Atchison, Audrain, Barton, Bates, Benton, Boone, Buchanan, Caldwell, Callaway, Camden, Carroll, Cass, Cedar, Chariton, Clark, Clay, Clinton, Cole, Cooper, Dallas, Daviess, DeKalb, Gasconade, Gentry, Greene, Grundy, Harrison, Henry, Hickory, Holt, Howard, Howell, Jackson, Jasper, Johnson, Knox, Laclede, Lafayette, Lewis, Lincoln, Linn, Livingston, Macon, Marion, Mercer, Miller, Moniteau, Monroe, Montgomery, Morgan, Nodaway, Oregon, Osage, Pettis, Pike, Platte, Putnam, Ralls, Randolph, Ray, St. Charles, St. Clair, St. Louis, Saline, Schuyler, Scotland, Shelby, Sullivan, Vernon, Warren, and Worth.

(2) All landowner deer hunting permits are valid only on qualifying property.

(3) All landowners and lessees who take deer on landowner permits may also purchase and fill other deer hunting permits but must abide by seasons, limits, and restrictions. A landowner or lessee may take only one (1) antlered deer during the firearms deer hunting season. A landowner or lessee may take only two (2) antlered deer during the archery deer hunting season except that only one (1) antlered deer may be taken prior to the November portion of the firearms deer hunting season.

(4) Persons defined as landowners include:

(A) General partners of partnerships;

(B) Officers of resident or foreign corporations;

(C) Officers or managing members of resident limited liability companies; and

(D) Officers of benevolent associations organized pursuant to Chapter 352 of the *Revised Statutes of Missouri*.

3 CSR 10-7.435 Deer: Special Harvest Provisions

(1) Only antlerless deer and antlered deer with at least one (1) antler having at least four (4) antler points may be taken in the counties of Andrew, Atchison, Audrain, Barton, Bates, Benton, Boone, Buchanan, Caldwell, Callaway, Camden, Carroll, the portion of Cass County not included in the Kansas City urban zone, Cedar, Clark, Clinton, Cole, Cooper, Daviess, DeKalb, the portion of Franklin County not included in the St. Louis urban zone, Gasconade, Gentry, Grundy, Harrison, Henry, Hickory, Holt, Howard, the portion of Jefferson County not included in the St. Louis urban zone, Johnson, Knox, Lafayette, Lewis, Lincoln, Livingston, Maries, Marion, Mercer, Miller, Moniteau, Monroe, Montgomery, Morgan, Nodaway, Osage, Pettis, Phelps, Pike, the portion of Platte County not included in the Kansas City urban zone, Pulaski, Putnam, Ralls, Ray, Saline, Schuyler, Scotland, Shelby, St. Clair, Ste. Genevieve, Vernon, Warren, and Worth. No other antlered deer may be taken.

(A) An antler point is at least one inch (1") long from base to tip.

(B) The end of the main beam is a point.

(2) These special provisions apply to all deer hunting seasons and permittees, except during the youth portions of the firearms deer hunting season.

3 CSR 10-7.436 Deer: Managed Hunts

Additional deer may be taken at special managed deer hunts established annually by the department. A person may apply for and participate in only one (1) managed deer hunt during a permit year except that persons permanently confined to a wheelchair may participate in more than one (1) hunt. Persons selected to participate must purchase a Resident or Nonresident Managed Deer Hunting Permit and abide by rules established for the hunt.

Genevieve, Saline, Schuyler, Scotland, Shannon, Shelby, Stone, Taney, Texas, Vernon, Warren, Washington, Webster, Worth, and Wright.

(C) Only two (2) Resident or Non-resident Firearms Antlerless Deer Hunting Permits per person may be filled in the counties of: Adair, Barton, the portion of Boone County included in the Columbia/Jefferson City urban zone, the portion of Cass County included in the Kansas City urban zone, the portion of Cole County included in the Columbia/Jefferson City urban zone, Chariton, Clay, Greene, the portion of Franklin County included in the St. Louis urban zone, Howell, Jackson, the portion of Jefferson County included in the St. Louis urban zone, Linn, Macon, Oregon, the portion of Platte County included in the Kansas City urban zone, Randolph, St. Charles, St. Louis, and Sullivan.

3 CSR 10-7.438 Deer: Regulations for Department Areas

Deer may be hunted on lands owned or leased by the department and on lands managed by the department under cooperative agreement as authorized in the current *Fall Deer & Turkey Hunting Regulations and Information* booklet, which is incorporated in this Code by

reference. This booklet is published annually in August by, and a printed copy can be obtained from, the Missouri Department of Conservation, PO Box 180, Jefferson City, MO 65102-0180 and is also available online at **www.missouriconservation.org**. This rule does not incorporate any subsequent amendments or additions.

3 CSR 10-7.455 Turkeys: Seasons, Methods, Limits

(1) Turkeys may be pursued, taken, killed, possessed, or transported only as permitted in this rule.

(A) Spring Season. Spring season annually will begin on the third Monday in April. A person possessing the prescribed turkey hunting permit may take turkeys according to the season length and bag limit established annually by the Conservation Commission. Turkeys may be taken only by shotgun, with shot no larger than No. 4, atlatl, crossbow, or bow; without the use of dogs, bait, electronic calls, or live decoys; from one-half (1/2) hour before sunrise to 1:00 p.m. Central Daylight Time (CDT). Possession of electronic calls or shotshells loaded with shot larger than No. 4 is prohibited while hunting turkeys.

(B) Fall Firearms Season. Fall season annually will be October 1 through October 31. A person possessing the prescribed turkey hunting permit may take two (2) turkeys of either sex during the season. Turkeys may be taken only by shotgun, with shot no larger than No. 4, atlatl, or bow; without the use of dogs, bait, electronic calls, or live decoys; from one-half (1/2) hour before sunrise to sunset in all counties except: Dunklin, McDonald, Mississippi, New Madrid, Newton, Pemiscot, and Scott. Possession of electronic calls or shotshells loaded with shot larger

than No. 4 is prohibited while hunting turkeys. A person, while in the act of pursuing or hunting turkey on a fall firearms permit, shall not have both a firearm and bow on his/her person with the following exceptions (Firearms possessed under these exceptions may not be used to take wildlife while hunting with a bow. Proof of this exception must be carried while hunting.):

1. Any person who has been issued a concealed carry endorsement on a driver license or non-driver license and such endorsement or license has not been suspended, revoked, canceled, or denied may carry concealed firearms on or about his/her person while hunting; and
2. Any qualified law enforcement officer or qualified retired law enforcement officer as defined in the Federal Law Enforcement Officers Safety Act (18 USC 926B or 18 USC 926C) may carry concealed firearms on or about his/her person while hunting.

(C) Fall Archery Season. A person possessing the prescribed archer's hunting permit may take two (2) turkeys of either sex from September 15 through January 15, excluding the dates of the November portion of the firearms deer season. Turkeys may be taken only by bows and atlatl; without the use of dogs, bait, electronic calls, or live decoys; from one-half (1/2) hour before sunrise to one-half (1/2) hour after sunset. Possession of electronic calls is prohibited while hunting turkeys. An archer, while in the act of pursuing or hunting turkey on an archer's permit, shall not have a firearm on his/her person with the following exceptions (Firearms possessed under these exceptions may not be used to take wildlife while hunting

with a bow. Proof of this exception must be carried while hunting.):

1. Any person who has been issued a concealed carry endorsement on a driver license or non-driver license and such endorsement or license has not been suspended, revoked, canceled, or denied may carry concealed firearms on or about his/her person while hunting; and

2. Any qualified law enforcement officer or qualified retired law enforcement officer as defined in the Federal Law Enforcement Officers Safety Act (18 USC 926B or 18 USC 926C) may carry concealed firearms on or about his/her person while hunting.

(D) Youth Spring Season. The two-(2-) day youth spring season will begin annually on the Saturday nine (9) days prior to the Monday opening of the spring season, except that when the youth season would overlap with Easter weekend the season will open on the Saturday prior to Easter weekend. Any person possessing the prescribed turkey hunting permit and who is at least six (6) but not older than fifteen (15) years of age on the opening day of the youth spring season may take only one (1) male turkey or turkey with visible beard during the youth spring season. A turkey harvested during the youth spring season will count towards an individual's spring season bag limit; individuals hunting under the prescribed turkey hunting permit may not harvest a second bird during the first week of the spring season. Turkeys may be taken only by shotgun with shot no larger than No. 4, atlatl, crossbow, or bow; without the use of dogs, bait, electronic calls, or live decoys; from one-half (1/2) hour before sunrise to sunset. Possession of electronic calls or shotshells loaded with shot larger

than No. 4 is prohibited while hunting turkeys.

(2) Hunters who take a turkey shall void their permit immediately by notching the month and date of harvest and shall keep the turkey separate or distinctly identifiable from turkeys taken or possessed by another. When the turkey is not personally attended and prior to reporting through the Telecheck Harvest Reporting System, the voided permit shall be attached to the turkey. Turkeys may be possessed and transported only by the taker until reported through the Telecheck Harvest Reporting System. All turkeys taken shall be accurately reported by the taker or in the taker's immediate presence through the Telecheck Harvest Reporting System by 10:00 p.m. on the day taken. The Telecheck confirmation number shall be recorded immediately on the turkey hunting permit. The head and plumage of the turkey shall remain intact until the turkey is reported through the Telecheck Harvest Reporting System. All turkeys shall be reported through the Telecheck Harvest Reporting System prior to processing or being removed from the state. After reporting through the Telecheck Harvest Reporting System, turkeys may be possessed, transported, and stored by anyone when labeled with the permit or any label that includes the full name and address of the taker, date taken, and Telecheck confirmation number.

(3) Bait shall mean grain or other feed placed or scattered so as to constitute an attraction or enticement to turkeys. An area shall be considered baited for ten (10) days following complete removal of the bait.

(4) A resident landowner or lessee as defined in 3 CSR 10-20.805, possessing a landowner turkey hunting permit, may take and possess turkeys in accordance with this rule on his/her land or, in the case of the lessee, on the land on which s/he resides and shall report the

turkeys through the Telecheck Harvest Reporting System as required in this rule.

(5) Any person who kills or injures any wild turkey shall make a reasonable effort to retrieve the turkey and include it in his/her season limit.

(6) Turkeys (or parts thereof) reported in accordance with established procedures, when labeled with the full name and address of the taker, the date taken, and the Telecheck confirmation number of the turkey, may be possessed, transported, and stored by anyone.

(7) In accordance with section 270.400, RSMo, feral hogs (any hog, including Russian and European wild boar, that is not conspicuously identified by ear tags or other forms of identification and is roaming freely upon public or private lands without the landowner's permission) may be taken in any number during the spring firearms turkey season and youth spring season only by the holder of a valid, unused turkey hunting permit; and only by methods and times prescribed for taking turkeys. During the fall firearms turkey season, feral hogs may be taken only by the holder of a valid, unused turkey hunting permit or a small game hunting permit; and only by methods prescribed in Chapter 7 for taking wildlife, and without the use of bait. Other restrictions may apply on public lands. Resident landowners or lessees as defined in this Code may take feral hogs on their own property at any time, by any method, and without permit.

Share the Harvest

Share the Harvest helps deer hunters donate venison to the needy. The program is administered by the Conservation Federation of Missouri and the Conservation Department.

To participate, simply take your deer to an approved meat processor (listed below) and let the processor know how much venison you wish to donate. The processor will package the meat, which will be given to a local charitable agency for distribution.

Funds are available to help with processing costs when a whole deer is donated during all portions of the archery and firearms deer seasons. The Conservation Federation of Missouri reimburses processors a pre-determined amount for each whole deer donated. This allows processors to reduce processing fees to hunters. In addition, many processors have local money available that allows deer to be processed for free or at reduced cost. Be sure to contact individual processors to determine if local funds are available. **The cost of processing the deer is your responsibility when local funds to help cover the full cost are not available.**

General Information

Definitions

Deer: White-tailed deer and mule deer.

Antlered Deer: A deer with at least one antler a minimum of 3 inches long, except that special antler-point restrictions apply in many counties. See Page 54.

Take: To hunt, pursue, wound, capture, or kill any wildlife in any manner. Also includes acts of assistance to other people attempting to take wildlife.

Taker: A person who takes or attempts to take wildlife.

Hunter-Orange Requirement

You must wear hunter orange if:

- You are hunting any species of game during firearms deer season. Some exceptions are allowed. See below.
- You are hunting on an area that is having a managed firearms deer hunt.
- You are serving as a mentor to another hunter during firearms deer season or on an area that is having a managed firearms deer hunt.

To satisfy this rule, you must wear both a hunter-orange hat and a hunter-orange shirt, vest, or coat. The hunter-orange color must be plainly visible from all sides. Camouflage orange does not satisfy this rule.

You don't have to wear hunter orange if:

- You are hunting migratory game birds.
- You are archery hunting within municipal boundaries where the discharge of firearms is prohibited.
- You are hunting on federal or state land where deer hunting is restricted to archery or crossbow methods.
- You are archery hunting during the alternative methods portion.
- You are hunting in a county that is closed during the urban zones and antlerless portions.
- You are hunting small game or furbearers during the alternative methods portion.

Assisting Other Deer and Turkey Hunters

You must have a filled or unfilled turkey hunting permit to call turkeys for another hunter. You must have a filled or unfilled deer hunting permit to assist others in taking deer, which includes participating in deer drives or enticing deer with calls or rattling antlers. It is illegal to shoot or take a deer or turkey for another hunter. Party hunting where hunters pool their tags is prohibited.

Methods Prohibited

- Electronic calls and electronically activated calls may not be used or possessed while hunting deer and turkeys.
- Dogs may not be used to take deer and turkeys.
- Artificial lights may not be used to spot, locate, or take deer and turkeys.
- Night vision equipment and thermal imagery devices may not be used or possessed while hunting.
- Poisons and tranquilizing drugs may not be used. Arrows, bolts, and darts must not contain any chemical or explosive.
- Slingshots may not be used to take deer and turkeys.
- Wildlife may not be taken from or across a public roadway with a firearm, bow, or crossbow.
- Deer and turkeys may not be taken from or with the aid of motor-driven vehicles.
- Live decoys may not be used or possessed while hunting turkeys.
- Deer may not be taken while they are in a stream or other body of water, or from any boat with a motor attached, regardless of whether the motor is running or not.
- Deer may not be taken within any area enclosed by a fence greater than 7 feet in height, except in licensed hunting preserves.

Baiting Regulations

- Use of bait — which includes grain or other feed placed or scattered so as to attract deer or turkeys — while hunting is illegal.
- An area is considered baited for 10 days after complete removal of the bait.
- A hunter can be in violation if they take or attempt to take a deer or turkey by the aid of bait where the hunter knows or reasonably should know that the area is or has been baited.
- It is illegal to place bait in a way that causes others to be in violation of the baiting rule.
- Doe urine and other scents, such as apple, acorn, and persimmon, may be used to attract deer while hunting, as long as the scents are not used on or with grain and other food products.
- Mineral blocks, including salt, are not considered bait. However, mineral blocks that contain grain or other food additives are prohibited.
- It is legal to hunt over a harvested crop field, but it is not legal to add grain or other crops, such as apples, to the field after it has been harvested.
- Manipulating crops, such as mowing or knocking them down, is not considered baiting for deer and turkeys; however, it is illegal to hunt waterfowl over manipulated crops.
- Additional rules apply in the Chronic Wasting Disease (CWD) Containment Zone. See Page 50.

Firearms Deer Hunting Season

The firearms deer hunting season is made up of five portions:

- Urban zones: Oct. 10–13, 2014, only in certain areas (see pages 14–15)
- Youth: Nov. 1–2, 2014, and Jan. 3–4, 2015, statewide (see Page 16)
- November: Nov. 15–25, 2014, statewide (see Page 17)
- Antlerless: Nov. 26–Dec. 7, 2014, only in certain areas (see pages 18–19)
- Alternative methods: Dec. 20–30, 2014, statewide (see Page 20)

The November portion typically opens on the Saturday 12 days before Thanksgiving. The early youth portion typically opens on the first Saturday in November. These formulas are provided for reference only and are subject to change. Dates for each portion are set annually by the Conservation Commission. To allow hunters time to plan, the Commission announces firearms deer season dates in December of the previous year.

Antlered Deer Limits

- You may take only one antlered deer during the firearms deer season. This includes all portions, including both youth portions.
- You may take two antlered deer using an archer's hunting permit during archery deer season. However, only one antlered deer may be taken before the November portion of firearms deer season.
- If you are drawn to participate in a managed hunt, you may take as many antlered deer as allowed at that specific hunt. Deer taken at a managed hunt do not count toward your firearms or archery season limits.

Tree Stands on Conservation Department Areas

Portable tree stands may be placed or used only between Sept. 1 and Jan. 31 on Conservation Department areas. Unattended stands must be plainly labeled on durable material with your full name and address, or Conservation ID number. You may not use nails, screw-in steps, or any material that would damage the tree. Tree stands must be removed from the area before Feb. 1.

Retrieval of Game

If you kill or injure a deer or turkey, you must make a reasonable effort to retrieve and include the animal in your season limit. However, this does not authorize trespass. It is illegal to leave or abandon commonly edible portions of game.

Use of Dogs to Recover Legally Taken Game

You may use leashed dogs to track and recover mortally wounded deer or turkeys, provided you: (1) have exhausted other reasonable means of finding the animal, (2) contact

a conservation agent, (3) do not possess firearms or bows during dog-tracking activities, and (4) maintain control of the leashed dog at all times. Using dogs to recover game does not authorize trespass.

Keep Carcasses Out of Streams and Lakes

It is illegal to place a deer carcass or any of its parts into any well, spring, brook, branch, creek, stream, pond, or lake.

Giving Away Deer and Turkeys

You may give your deer or turkey to another person, but the game counts toward your season limit. Deer and turkeys that are given away must be labeled with the taker's full name, address, date taken, and Telecheck confirmation number.

Possession, Storage, and Sale

Properly checked deer and turkeys may be possessed by anyone if labeled with the taker's full name, address, date taken, and Telecheck confirmation number. The Telecheck confirmation number must remain attached to the carcass until a meat processor begins working on the animal.

Deer left at commercial processing or cold storage plants must be claimed by May 1 following the season taken.

Turkeys may not be possessed after Feb. 15 following the season taken.

Legally obtained turkey bones and feathers, and deer heads, antlers, hides, and feet may be sold by the taker, but the taker must provide a bill of sale showing:

- The taker's full name and address
- The species and number of parts
- The full name and address of the buyer

For deer heads and/or antlers attached to skull plates, a dated bill of sale identifying the seller must be retained while the heads or antlers are in the buyer's possession.

Any person who finds a dead deer with antlers still attached to the skull plate may take the antlers, but must report the find to a conservation agent within 24 hours to receive authorization to possess the antlers.

No authorization is needed to possess, buy, and sell shed antlers not attached to the skull plate.

Cervids Harvested Outside of Missouri

If you harvest a deer, elk, or moose out of state and bring the animal with the spinal column or head attached into Missouri, you must report the animal's entry within 24 hours at 877-853-5665 or mdc.mo.gov/carcass. The carcass must be taken to a licensed meat processor or taxidermist within 72 hours of entry. Upper canine teeth and the items listed as safe to transport from the CWD Containment Zone (see Page 50) do not require a phone call. If you are passing through Missouri on the way to another state, you are exempt from this requirement as long as you are not in Missouri longer than 24 hours.

Chronic Wasting Disease (CWD) Information

To slow the spread of Chronic Wasting Disease (CWD), the Department has established a six-county containment zone, enacted special regulations, and will continue to test deer for CWD. To make these efforts successful, we need help from hunters, landowners, and the general public. Please educate yourself about CWD and follow the regulations and guidelines listed in this booklet.

Properly Dispose of Carcasses

Deer hunters throughout the state are encouraged to properly dispose of carcasses to prevent the spread of CWD and other deer-borne diseases.

- Remove meat in the field and leave the carcass behind. Bury the carcass if possible.
- If processing deer in camp or at home, place carcass parts in trash bags and dispose of them through a trash service or at a landfill.
- Take deer to a licensed commercial processor to assure proper carcass disposal.
- Use a licensed taxidermist to assure proper carcass disposal.

If you harvest deer in the CWD Containment Zone, you are strongly encouraged to avoid taking out of the Zone whole deer carcasses or parts containing brain, spinal cord, eyes, spleen, or lymph nodes. Items that are safe to transport include:

- Meat that is cut and wrapped
- Meat that has been boned out
- Quarters or other portions of meat with no part of the spine or head attached
- Hides or capes from which all excess tissue has been removed
- Antlers, including antlers attached to skull plates or skulls cleaned of all muscle and brain tissue
- Finished taxidermy products

CWD Containment Zone

The counties of Adair, Chariton, Linn, Macon, Randolph, and Sullivan (see map above) comprise a CWD Containment Zone. Special regulations apply in these counties.

Deer Attractants Prohibited in Containment Zone

Grain, salt products, minerals, and other consumable natural or manufactured products used to attract deer are prohibited in the CWD Containment Zone. However, the following exceptions are allowed:

- Feed placed within 100 feet of any residence or occupied building
- Feed placed in a manner that excludes access by deer
- Feed and minerals used solely for normal agricultural, forest management, or wildlife food plot production practices

Activities such as feeding deer or attracting them using salts and minerals artificially concentrates many deer in a small area. This increases the chance for CWD to spread from one deer to another or from the soil to a deer.

DAVID STONER

Donate a Tissue Sample from Your Deer

If you harvest a deer within the CWD Containment Zone, please consider donating tissue samples from your deer to help the Conservation Department monitor CWD. Removing a tissue sample is free and takes little time. Just take your deer to one of the locations listed in the tables below. Get test results for your deer by entering your Conservation ID number at mdc.mo.gov/node/19829.

Tissue samples will be collected at these locations from Sept. 15 to Jan. 15. Note: Exact dates and times vary. Call before you go for more information.

Hunting Other Game

Other game may be hunted during firearms deer season, but there are some restrictions. Please refer to the table below.

Species	Portion of Firearms Deer Hunting Season	Special Restrictions	Is Hunter Orange Required?
Quail and Pheasants	November portion Antlerless portion in open areas	Shot must be no larger than No. 4. This restriction does not apply to landowners and lessees hunting on land they own or lease.	Yes
	Alternative methods portion	None	No
	All other portions	None	Yes
Rabbits and Squirrels	November portion Antlerless portion in open areas	Only pistols, revolvers, rifles, or shotguns may be used. These firearms must fire .22 caliber or smaller rimfire cartridges or shot no larger than No. 4. This restriction does not apply to landowners and lessees hunting on land they own or lease. Dogs may not be used during daylight hours of the November portion in Butler, Carter, Dent, Iron, Madison, Oregon, Reynolds, Ripley, Shannon, and Wayne counties.	Yes
	Alternative methods portion	None	No
	All other portions	None	Yes
Waterfowl	All portions	None	No
Other Migratory Game Birds	November portion Antlerless portion in open areas	Shot must be no larger than No. 4.	No

	All other portions	In addition to a resident or nonresident small game hunting permit, you must also possess an unfilled firearms deer hunting permit.	Yes

Feral Hogs

The Conservation Department discourages people from hunting specifically for feral hogs. However, if you are afield for other game and encounter a feral hog, you are encouraged to shoot it on sight. Special restrictions apply during firearms deer and turkey seasons. Please refer to the table below.

Antler-Point Restriction

In the shaded areas on the map above, only bucks that have at least four antler points on one side of their rack may be taken during the archery and firearms deer hunting seasons (except the youth portions). The antler-point restriction applies to portions of Cass, Franklin, Jefferson, and Platte counties NOT included in the urban zones. See description of these boundaries on pages 14–15.

How to Count Points

Each of the following counts as a point:

1. The end of the main beam
2. An antler point, if it is at least 1 inch long
3. Any broken tine that is at least 1 inch long
4. The brow tine, if it is at least 1 inch long

LEGAL

Does and button bucks

Bucks with spikes less than 3 inches long

Bucks with at least four points on one side

PROTECTED

Protected deer include all antlered deer (defined as having at least one antler 3 inches or longer) that do not have a minimum of at least four points on one side.

Bucks with spikes more than 3 inches long

Bucks that do not have at least four points on one side

Tagging and Checking

Using deer and turkey hunting permits couldn't be easier. Just remember: Bag it. Notch it. Tag it. Check it.

STEP 1

Bag it. Protect paper e-Permits in a plastic sandwich bag while afield.

STEP 2

Notch it.

Immediately after harvesting a deer or turkey, notch the month and date of harvest on your permit.

STEP 3

Tag it if you leave it.

As long as you stay with your harvested deer or turkey, you don't need to attach your notched permit to the animal, but you must keep your permit on hand. If you leave your harvest, you must attach your notched permit to the deer or turkey's leg. We recommend sealing the permit in a plastic bag and attaching the bag with string, wire, or tape. You may transport your deer or turkey within Missouri.

STEP 4

Check it. Report your deer or turkey by 10 p.m. on the day of harvest using the Telecheck instructions on Page 58. Write the confirmation number provided by Telecheck on your permit. After you've reported to Telecheck, your harvest may be processed, stored, or transported by anyone as long as the harvest is labeled with your permit or any label that includes your full name, address, date taken, and Telecheck confirmation number. You may now transport your deer or turkey out of state.

Things to Remember When Tagging and Checking

- Use the correct permit. Many hunters carry multiple permits while deer and turkey hunting, so check your permit carefully to make sure you're using the right one before notching it.
- Notching voids the permit. Do not notch the month and day on your permit until you harvest a deer or turkey.
- Until checked, heads of deer must remain attached, and turkeys must have their heads and plumage intact.
- Deer and turkeys must be checked by 10 p.m. on the day they are harvested.
- All deer and turkeys must be checked before they can be removed from Missouri.
- Only the person who harvested the deer or turkey may possess and transport the game before it has been checked.
- After checking, deer and turkeys may be possessed and transported by anyone, but must be labeled with the taker's permit or full name, address, date taken, and Telecheck confirmation number.
- Avoid duplicate Telecheck records. If you are given a Telecheck confirmation number, your checking information has been successfully received and recorded. Write the confirmation number on the permit, and the checking process is complete. Do not call again to check the same deer or turkey.

Information Needed to Telecheck Fall Turkeys

During checking, hunters will be asked the age and sex of their turkey. Monitoring the age and sex of harvested turkeys provides a valuable measure of the fall harvest.

How to Age a Turkey

To age a turkey, look at the two outermost feathers on the wing (see below). The ends of the 9th and 10th primary feathers of a juvenile are pointed, and the tips of the feathers lack white barring. The ends of the 9th and 10th primary feathers of an adult are rounded and have white barring extending to the tips.

How to Determine the Sex of a Turkey

Look at the lower half of the breast. Gobblers have black-tipped breast feathers. Hens have brown-tipped breast feathers.

Telecheck

All deer and turkeys must be checked by telephone or on the Internet. If using a cellphone, be sure you have a clear signal. If the signal is spotty, move closer to a major highway, go to higher ground, or wait until you get to a land-based line to call. Avoid calling in areas with loud background noise.

You do not need to call Telecheck immediately after taking the game. You can transport unchecked game within the state, as long as you have notched your permit. **You have until 10 p.m. on the day taken to check your deer or turkey.**

Follow These Steps to Use Telecheck

Step 1: Before calling the toll-free number or going online, find your Telecheck ID number on your permit. **If you have more than one permit, be sure you give the number of the permit you want to use.** Also get a pen so you will be able to write your Telecheck confirmation number on your permit.

Step 2: Fill out the form to the right, which contains the same information you will be asked when you use Telecheck.

Step 3: Call 800-314-6828 or visit **mdc.mo.gov**, then follow the instructions. If you're using a phone, speak clearly and slowly. You can use Telecheck between 6 a.m. and 10 p.m.

Step 4: After you have provided the required information, you will be given a confirmation number that verifies you have legally checked your game. **Write this number on the permit.** You have now completed checking your game and can process your deer or turkey.

**Telecheck
your deer or turkey at:
800-314-6828
or mdc.mo.gov**

If checking a turkey, you will need:

■ Your Telecheck ID number:

■ Turkey type (To age and sex turkeys, see Page 57):

☐ Adult gobbler

☐ Adult hen

☐ Juvenile gobbler

☐ Juvenile hen

■ County where turkey was taken:

If checking a deer, you will need:

■ Your Telecheck ID number:

■ Deer type:

☐ Doe

☐ Button buck

☐ Antlered buck

Record the harvest of a buck as 0 points if the buck has one of the following:

■ Shed its antlers

■ Small antlers with both beams shorter than 3 inches

■ Broken antlers off less than 3 inches from their base

_____ total number of points 1 inch or longer
(see how to count points on Page 54)

■ County where deer was taken:

Note: If you harvested deer in Boone, Cass, Cole, Franklin, Jefferson, or Platte counties, you will be asked: Did you harvest a deer within an urban zone?
(See pages 14–15).

Jefferson City — Central Standard Time*

These tables are for Jefferson City and points on the same longitude north and south. For locations east, subtract one minute for each 13.5 miles of airline distance. For locations west, add one minute for each 13.5 miles. For example, St. Louis is 106 miles east: subtract 8 minutes; Kansas City is 133 miles west: add 10 minutes.
